PROBLEM STATEMENT

In today's digital era, traditional resumes alone are not enough to showcase skills and project effectively. Many students and professionals lack a structured online presence to highlight their work. A digital portfolio provides an interactive and accessible platform to present achievement, skills and experience.

PROJECT OVERVIEW

- Brief summary of my project What
- my portfolio contains (about me, projects, skills, contact). Main idea: showcase personal achievement, skills, and projects.

WHO ARE THE END USERS?

- Students (academic projects, resumes).
- Job seekers (to share with recruiters).
- freelancers (to show clients). Professionals(to highlight experience and achievement).

TOOLS AND TECHNIQUES

- HTML: structure (pages, sections). CSS: styling (colours, layouts, responsiveness). JavaScript: interactivity (navigation menu, animation, form validation). Mention code editor (VS code) or CODEPEN and hosting platform (GitHub pages).

PORTFOLIO DESIGN AND LAYOUT

- Sections included:
 - Home/ about me
 - Projects
 - Skills
- Contact Responsive layout
(mobile+desktopview).

FEATURES AND FUNCTIONALITY

- Navigation bar with smooth scrolling.
- Project showcase with images/details.
- Interactive elements (hover effects, animation).
- Contact form (with validation).
- Responsive design for all devices.

RESULT AND SCREENSHOT

- Screenshots of each section Before vs after (plain HTML: with CSS&JS).

The screenshot shows a developer's tool interface with tabs for HTML, CSS, JS, and Result. The JS tab contains the following code:

```
// Smooth scrolling for navigation links
document.querySelectorAll('a[href^="#"]').forEach(anchor => {
  anchor.addEventListener('click', function (e) {
    e.preventDefault();
    const targetId =
      this.getAttribute('href');
```

The Result tab displays a screenshot of a portfolio website. The header features a red flower icon and the text "Floral Portfolio". Below the header, the text "Hello, I'm N.Jothi" is displayed, with "N.Jothi" being larger and centered. At the bottom, it says "Web Developer & UI/UX".

CONCLUSION

- Highlights of my
- project final summary
- Benefits of
society

THANK

YOU
